

Just know

Need to work out

Some of these calculations are really quick to answer, as we just know the answer. Other calculations need to be worked out.

Discuss which calculations you just know and which ones you need to work out.

Find the answers for all of them. Use a 100 square to help you or put the number in your head and add or take away.

$10 - 2$

$46 + 3$

$7 + 8$

$64 - 2$

$4 + 2$

$15 + 3$

$10 + 10$

$9 - 1$

$13 - 7$

$19 + 7$

$70 + 8$

$23 - 3$

$63 + 2$

$3 + 7$

$76 + 4$
