Topic Activities for Week 5

Day 1.

On the Road to Emmaus. Ask an adult to read this Bible story to you from Luke 24:13-43 or from any children's Bible OR watch the video from the link below. Colour in the picture. Try to colour within the boundaries. Think about the colours you choose for the different things in the picture.

Day 2

Read the story of Pentecost from The Bible - Acts 2:1-18 or watch the video from the link below then do the activities that follow.

https://www.youtube.com/watch?v=KwJJJoSGw84

Colour in the picture on Pentecost. (Think about the colours you choose for the different things and try to colour within the lines).

Day 3.

Have a look at the sheets with the different minibeasts. There are 6 different ones. Can you name them? Each day cut out the labels and label any two of the minibeasts. The adults will help you. If further help is needed, the answer sheets are also attached.

Now that you have found out a lot about Minibeasts, we would like you to use your imagination in using paper plates and other materials to make a bee. Below are some pictures to help you with ideas. Try to remember the different parts of the bee.

Paper plate bee

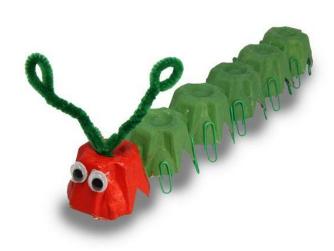

Day 4

Today you can try making different minibeasts using egg boxes. Some pictures have been given to get you started.

If you have no egg boxes, you can try using tissue rolls and plastic bottles as shown below.

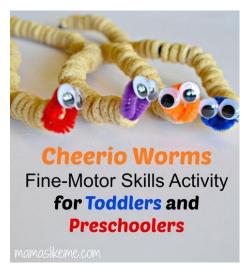

Day 5

Cheerio worms

Use pipe cleaners or thick wool or any other materials to make worms. Try counting how many cheerio rings you have used. What other materials could you have used?

Today, you will also make your own bug hotel/ minibeast hotel. Use the sheet provided for instructions. Remember to take photographs and file everything in your folder.

If you do not have cheerio hoops in the house, you could try some bottle top minibeasts or make models with play dough. I cannot wait to see your lovely work. Please remember to try it all by yourself. Parents can help but we will be happier to see your own attempts.
