

Wednesday - Recap finding fractions of amounts.

$\frac{1}{3}$, $\frac{2}{3}$ - using the circles

Top number tells us how many circles to count at the end.

Ch1: find a $\frac{1}{3}$ of:

1. 6
2. 9
3. 12
4. 15
5. 18

Ch2: Find a $\frac{1}{3}$ of:

1. 18
2. 21
3. 24
4. 27
5. 30

Ch3 a. Draw a square, rectangle and circle and divide in to thirds.

b. Find a $\frac{1}{3}$ of:

1. 30

2. 33

3. 36

4. 39

5. 41
