

WALK ONLINE ROADSHOW

Online Risks

Cyberbullying is when people online send rude comments or messages to children under 18 years. Before you go online be aware of what you're going to do online also remember there is over 2.3 million apps ever made.

Social media

Apps like Instagram, facebook or snapchat are not allowed for children under 13 years. Don't reply to people asking for private information. It's really important for children to stay safe online.

Video

Videos are made every single day on YouTube, tiktok and kik which has live videos only. When you go online make sure your camera is always covered or blocked. Whenever you post something online the whole world can see it and if you manage to delete it some people would have saved it and would get your personal info.

GAMES

Games like

FORTNITE , ROBLOX, MINECRAFT and GTAV are the most played games by children. When you play GAMES don't friend people you don't know in real life. GTAV is not a game for children under 18

YEARS! FORTNITE AND ROBLOX are games for 12 years and PUBG is for 16 years.

CHILD LINE

WARNING!!!!

Children if you have a problem on the internet the number for child line is below.

TEL-0800 1111

REMEMBER!!!

Games like these are very dangerous because of the age limits, friending and rude comments.
