

Weekly Newsletter - 26/1/24

Our children of St. Thomas of Canterbury are respectful.

Dear Parents,

What an exciting day in school! Today children have focused on numbers, learning to improve their fluency in counting and times tables. Children from year 2 to 6 have participated in Times Tables Rock Star tasks, however the competition continues! Over the weekend we would like children to continue their times table online 'battles' so that we can crown the winners on Monday!

<https://trockstars.com/> Counting and multiplying are easy ways that parents can help children with their number facts. Count in 5s as you walk home, or quiz children on their times tables whilst driving in the car. This is especially important for our children in year 4 who will be sitting their Multiplication Tables Check in June. Lets try to improve last year's score of 75% of pupils achieving a score of 20/25. Reception and year 1 children can access numbots to help them.

Leeds Castle

Year 3 went on a trip to Leeds Castle last week. They participated in a workshop about how life has changed since the Stone Age, which they are learning about in History. They had the chance to dress as Stone Age people. They also got to see the different features of a castle to aid them in building their own castles in DT.
