

Newsletter

17/9/25

Dear Parents,

I am delighted to share how well our Reception children have settled into school life. They have been enthusiastic, happy, and fully engaged in their learning, which has been wonderful to see. I am also pleased with the success of our Forest School sessions, which continue to give children valuable opportunities to learn outdoors and develop important life skills. In addition, we are excited to welcome our new school sports coach, who will further enhance the range and quality of physical activities available to all pupils. These developments highlight our continued commitment to providing the very best opportunities for our children.

Best wishes,
Mrs Poulteney
Headteacher

Thank you to the children for sharing books with the Reading Puppy!
